

Webassign Instructions and Screenshot for Math 111

The instructions below give screenshots of the webassign log-in process along with a short orientation for using webassign with the courses Math 111. These instructions were made in the summer of 2015 by Dr. Andy Loveless as a supplemental student guide. If you notice any links or websites that are out of date, please let your instructor know or email me (aloveles@uw.edu). If you do have any webassign technical issues, you can get immediate and accurate help by calling webassign customer service: 1-800-955-8275

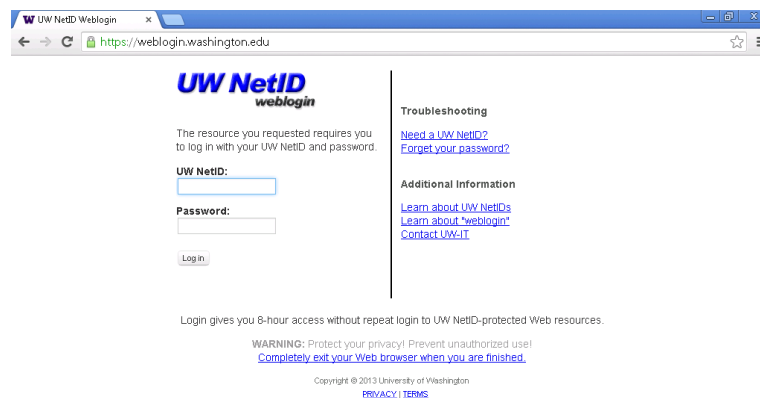

LOGGING IN

Step 1: You log into webassign using a special site specifically for University of Washington students. You get there by typing the following into your browser: www.webassign.net/washington/login.html

Click on the large red button labeled “LOG IN @ UNIVERSITY OF WASHINGTON”.

Step 2: That takes you to the standard UW log in page. Type in your regular UW NetID and password.

Step 3: You are taken to your webassign entry page. Select your class from the pull down menu that says “My Classes”.

PURCHASING ACCESS:

You need webassign access to take this course. Your webassign access code will be a 16 digit code with a prefix.

The two cheapest options for purchasing the access code (and the only options you should consider) are:

- a) Purchase with the hardcopy book at the bookstore. Ask someone at the bookstore to make sure you have purchased a book that is bundled with an access code (you don't want just the book, you need the access code).
- b) Or, if you don't want a hardcopy of the book, purchase the access online with the eBook.

After you have logged into webassign and selected the course, you will first be taken to this page:

WebAssign Notices

Note: The following message is shown to your students. As WebAssign faculty you are not required to enter an access code.

⚠ According to our records you have not yet redeemed an access code for this class or purchased access online.

The grace period will end Monday, July 6, 2015 at 12:00 AM PDT. After that date you will no longer be able to see your WebAssign assignments or grades, until you enter an access code or purchase access online.

I would like to:

- purchase access online
- enter an access code (purchased with textbook or from a bookstore)
- continue my trial period (11 days remaining)

WebAssign® 4.0 © 1997-2015 Advanced Instructional Systems, Inc. All rights reserved.

Either purchase access online or enter your access code (if you got it with your hardcopy).

Here is how to enter your access code if you purchased it with the hardcopy:

The screenshot shows the WebAssign Student View interface. At the top, there's a navigation bar with "Home", "My Assignments", "Grades", "Communication", "Calendar", and "My eBooks". A user profile box on the right identifies the user as Andrew Loveless, Math 124, section W, Summer 1 2015, with the instructor Andrew Loveless at the University of Washington. A central message box contains the following text:

Pick appropriate prefix (whatever it says on your purchased code).

This screenshot shows the same WebAssign Student View page, but with a dropdown menu open for "Choose your access code prefix". The menu lists various prefixes, with "EWA&eBook-MTB" selected and highlighted in blue. The background message box is partially visible, showing the same notice about access codes and the trial period ending on October 9, 2013. The "Continue" button is visible at the bottom of the message box.
