

# DIFFERENTIAL GEOMETRY/PDE/IP SEMINAR

FRIDAY, NOVEMBER 13, 2009

THO 235

4–5PM

Topological Aspects of the Dvoretzky Theorem

**Dmitri Burago**

(PENN STATE UNIVERSITY)

We explore possibilities and limitations of a purely topological approach to the celebrated Dvoretzky Theorem via studying its non-integrable version. The talk is based on a joint work with S. Ivanov and S. Tabachnikov

For more information about this seminar, visit the DG/PDE Seminar Web page (from the Math Department home page, [www.math.washington.edu](http://www.math.washington.edu), follow the link **Seminars, Colloquia, and Conferences**).

The University of Washington is committed to providing access, equal opportunity and reasonable accommodation in its services, programs, activities, education and employment for individuals with disabilities. To request disability accommodation contact the Disability Services Office at least ten days in advance at: 206-543-6450/V, 206-543-6452/TTY, 206-685-7264 (FAX), or [dso@u.washington.edu](mailto:dso@u.washington.edu).
