4PM–5PM

Extremal metrics and the Calabi flow

Weiyong HE

(U OF OREGON)

We will introduce extremal metrics and the Calabi flow, and talk about some progress and problems of the Calabi flow, in particular on Kahler surfaces.

For more information about this seminar, visit the DG/PDE Seminar Web page (from the Math Department home page, `www.math.washington.edu`, follow the link **Seminars, Colloquia, and Conferences**).
