

DIFFERENTIAL GEOMETRY/PDE SEMINAR

THURSDAY, DECEMBER 15, 2011

PADELDFORD C-401

2:30PM–3:30PM

Differentiability of solutions of elliptic equations along the
boundary

Dongsheng LI

(XI'AN JIAOTONG U)

In this talk, we will discuss what kind of geometric properties of the boundary that guarantees the differentiability of solutions of elliptic equations along the boundary.

For more information about this seminar, visit the DG/PDE Seminar Web page (from the Math Department home page, www.math.washington.edu, follow the link **Seminars, Colloquia, and Conferences**).

The University of Washington is committed to providing access, equal opportunity and reasonable accommodation in its services, programs, activities, education and employment for individuals with disabilities. To request disability accommodation contact the Disability Services Office at least ten days in advance at: 206-543-6450/V, 206-543-6452/TTY, 206-685-7264 (FAX), or dso@u.washington.edu.
