

# ACADEMIC CAREERS IN THE MATHEMATICAL SCIENCES

Friday, April 15 at 3:30PM

Parrington Hall, Rm. 308

*Are you interested in pursuing an academic career?*

The VIGRE Professional Development Committee invites you to attend a panel discussion on pursuing an academic career in the mathematical sciences. Discussion topics include, but are not limited to:

- Choosing the right job for your interests,
- Surviving the job search and interview process,
- Expectations of new faculty members,
- The road to tenure, promotion and continued success.

Our experienced panel is composed of professors from all three participating VIGRE departments at the University of Washington as well as from the math departments of two other local universities.

We hope you will join us for this frank and informative discussion. Pizza and other refreshments will be served during and after the discussion.
