Info Sheet: NWMI 2013

Location, Location, Location

- All sessions will be held in Haggett Hall at the north end of the UW campus. There will be NWMI signs and people to help you find the building and the room. Dorm rooms are next-door in McMAHON Hall. A map of the UW campus showing the location of Haggett and McMahon (as well as the nearby parking lots) is online at http://www.washington.edu/maps/. Note: No air-conditioning. You may want a fan.

Highly Recommended:
Sunday Evening Opening Program in Haggett Hall

- NWMI week will begin with the Opening Session, 7:00-8:30 p.m., Sunday, July 28, in the Haggett Hall. The Opening Session will be an informal working session with an engaging math activity; it will also provide an introduction to the week, information about parking, meal cards, etc.
- This session is optional, but is by far the best way to start before a Monday program. You will enjoy a cool math activity but will also get a chance to register and get information in the quiet atmosphere of Sunday evening. Parking is free on campus on Sundays. There will be signs posted that point to the NWMI location. For example, lots N16, 18, 20 are near Haggett.

<tr>
<td>Sunday Arrival</td>
<td>Sunday Parking is free. Consult Map and park near Haggett. (Leave your bags in the car until you know your room). Check in at the McMahon desk. You will get a combo meal card/key card. Purchase parking for the week at the desk (if needed). Follow signs to NWMI session at 7:00 PM.</td>
<td>Strongly recommend that you come to Sunday session at 7:00 PM for orientation and enjoyment. You will get a meal/key card. Sunday Parking is free. Consult campus map and park near Haggett. Follow signs to NWMI session at 7:00 PM.</td>
</tr>
<tr>
<td>Mon. or Wed. Arrival: Plan to arrive at 8:00 so you can be in your seat at 8:30</td>
<td>When you enter campus, purchase a daily parking permit for $15. Tell them you are going to Haggett. Get a parking map at the kiosk. Follow the NWMI signs to Haggett for the morning session. <strong>PLAN TO CHECK IN TO YOUR ROOM LATER.</strong> <strong>IMPORTANT:</strong> Allow extra time to cope with traffic, parking confusion, sign-in so that you are in your seat at 8:30 for the session.</td>
<td>When you enter campus, purchase a daily parking permit for $15. Tell them you are going to Haggett. Get a parking map at the kiosk. Follow the NWMI signs to Haggett for the morning session. <strong>IMPORTANT:</strong> Allow extra time to cope with weekday traffic, parking confusion, and sign-in so that you are in your seat at 8:30 for the session.</td>

Parking Options for Commuters

- Parking on the main campus during the week is $15 per day (ouch). The only cheaper alternative (besides, bike, bus or carpool or finding rare on-street parking) is the E1 (Montlake) lot, which is $6 per day. The E1 lot requires LOTS of quarters and a lengthy hike uphill. A daily parking pass permits one to drive off campus and return but the Montlake lot has no right of return unless one pays again.

Breakfast and Lunch

- Breakfast and Lunch are served in McMahon Hall (in the downstairs “8” Dining Facility). Breakfast begins at 7:00. Our first session is in Haggett at 8:30.

Daily Schedule

- The first session will be Sunday night at 7:00 PM in Haggett, as noted above.
- Monday-Thursday, the program begins at 8:30 AM and ends at 5:00 PM in Haggett, with a break of about an hour for lunch. Friday (for Summer Geometry Institute only), the hours are 8:30 to noon.
- There will be optional After-Dinner Math activities organized each evening from 7:30 - 9:30 PM.

Attendance and Punctuality

- NWMI will be fun and informal, but it is also a learning experience for professionals. As teachers, you know that latecomers can be distracting for other participants, so please make your plans so that you arrive on time so that we can start on schedule with everyone there.

Credit and Clock Hour Options – bring your checkbook

Credit or clock hours are available as options (one, but not both).

- Clock hours from Seattle Public Schools will be available. There are 33 total hours for the Summer Geometry Institute sessions and 15 hours for each two-day course. But additional hours may be earned for the various evening sessions Sunday-Thursday for up to an additional 9 hours. You can claim the hours that you participate. Cost will be $2 per clock hour, payable by check only.
- Two (quarter) units of UW credit for Math 497: Math Topics for Teachers is available; the cost is $222, payable by check or by credit card. Credit requires 37 hours participation total, including some After-Dinner Math in addition to the regular program.

Summer Geometry Institute: Bring a Laptop if you have one

- Laptops are not required but they will be very helpful for the Geometer’s Sketchpad work in the Summer Geometry Institute. We will provide some laptops, but if you have one, you will find it useful to bring it with you. Wifi is available everywhere on campus.
- Also you will likely need a calculator, pen or pencil, but most supplies we will furnish.
